

**HEALTHY ENVIRONMENTS AND CONSUMER SAFETY BRANCH  
INDUSTRIAL HEMP REGULATIONS**

**LIST OF INDIVIDUALS LICENSED FOR THE YEAR 2009**

- **This list will be updated as required.**
- **With respect to the cultivation of industrial hemp, all seed planted must be of a pedigreed status, as defined in subsection 2(2) of the *Seeds Regulations*, which reads as follows:**

"pedigreed status", with respect to seed, means that the seed is of foundation status, registered status or certified status or the seed is approved by the (Canadian Seed Growers') Association as being breeder seed or select seed.

**Seed that is "certified organic" does not meet these criteria and may not be used for planting, unless it is also of pedigreed status.**
